and NSD File No. L-00-72.

Dear FCC:

This is a matter that I will take up with my Congresspersons and Senators. It seems the FCC has become a serious taxing authority judging from my phone bills. I will also write to the President about this matter. It is simply getting out of hand. I want to know why this additional fee is being proposed or imposed. I also want to know under what authority the FCC seeks to impose this additional fee. I want to know how I can access the raw data justifying this increase. This is only the beginning of my inquiry on this matter. The FCC is really getting out of hand.

I want straight answers to these questions. Please send me the requested information.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
